

Small experiments. Useful things.

An independent studio for small experiments, useful software, and open source tools.

A symbol. A full name.

The fancy e sits beside the full ejmlabs name. Keep both parts intact in the complete logo.

PRIMARY LOGO

SOLID INK

REVERSED PAPER

SPACE AROUND THE LOGO

h is the symbol height. Keep h/2 clear on every side of the complete logo.

STANDALONE SYMBOL

Keep one quarter of the symbol width clear around it.
Use the supplied symbol artwork for avatars and icons.

SMALL SIZES

180 PX LOGO

24 PX SYMBOL

Use the dedicated 16 px favicon file in browser tabs.

Sage at the center.

A quiet palette with enough range for products, documentation, and experiments.

Sage	Forest	Ink	Paper	Mist
#8A9A7B	#29443B	#202721	#F6F5EF	#E8EDE3

Pair color with readable text.

Ink on Paper	Paper on Forest	Ink on Sage	Forest on Mist
14.00:1 AA text	9.69:1 AA text	5.09:1 AA text	8.90:1 AA text

Sage on Paper is 2.75:1. Reserve this pairing for logo art and decoration. Use Ink or Forest for reading.

White #FFFFFF is a utility color for pure white exports and interface text.

A clear voice in type.

Manrope carries the message. IBM Plex Mono adds a precise, technical note.

MANROPE / MAIN FAMILY

Room to experiment.

Use the shape as a starting point and keep the studio signature consistent.

EXPERIMENT 001

A useful little tool.

A place to test an idea, share a release, and learn.

ejmlabs

Keep a steady signature.

Use the complete logo on project pages. Keep the symbol clear in avatars. Let each project have its own images.

Ready to use.

Choose the right file, preserve the drawing, and keep the supporting system simple.

01 **Logo artwork** — `logos/`
SVG for scaling. Transparent PNG for quick use.

02 **Avatar and social card** — `social/`
Prepared images for profiles and shared links.

03 **Browser icon** — `favicon/`
Use the supplied favicon exports for browser tabs.

04 **Color tokens** — `tokens/`
brand.css and palette.json hold the exact values.

05 **Font resources** — `fonts/`
Manrope and Plex Mono with their original licenses.

06 **Quick start** — `README.md`
